## PA-90000 VIP

Our foremost goal is to provide products that will aid in the recuperation of the patient. The PA-90000 VIP bed features an excellent design that will enhance the patient's comfort and peace of mind. We take a step further by creating furniture that matches visually with the bed, thus creating a positive and conducive environment for the patient.

### Low Height of 290mm

It is important to keep a firm footing on the floor when the patients are standing up from the bed. At a low height of 290mm, even users with small physiques can sit on the side of the bed with their heels firmly on the floor.

Electric Bed Type	
Product Code	PA-93485V
